Vision

- The department aims to nurture students to be IT professionals who are innovative and technically competent to meet the advancements in industrial and societal needs.

Mission

- To produce technically competent and socially responsible graduates.
- To develop well-equipped laboratories to gain practical exposure in IT practices.
- To support research culture, consultancy work and enhancement of entrepreneurship skills.
- To enhance industry linkage for good placements and real-world exposure.
- To encourage, involve and support students for environmental and social wellbeing.
